

LIVESTOCK REGULATIONS

BREED QUALIFICATIONS

- For Beef, Dairy Cattle, Dairy Goats and Breeding Sheep Only
- Exhibitors of any of the established breeds (those listed in this book) would enter as that breed. Five head must be checked in within the respective show (market and breeding shows are separate) and have proper breed verification to qualify for a breed division. Breeds with proper breed documentation but do not meet the minimum stated criteria will be placed in the Any Other Breed (AOB) division.
- Animals that are not one of the established breeds (not listed in this book) but are recognized by a breed association enter as AOB. After check-in, if there are 5 animals that meet the criteria for that breed, they would have their own breed show. For any that do not meet the minimum requirement, they would show in the AOB division.
- Breeds may become established and listed for the following Brown County Fair if they meet the 5 head requirement within a breed show. Established breed shows that do not meet the 5 head requirement during the current year will revoke their status as an established breed for the following Brown County Fair.

STATE ANIMAL HEALTH REGULATIONS FOR SOUTH DAKOTA

South Dakota Animal Industry Board: Address all questions concerning health requirements for livestock and/or requests for an import shipping permit number to the South Dakota Animal Industry Board. Call (605) 773-3321 or e-mail aibmail@state.sd.us.

Certificate of Veterinary Inspection (CVI): All animals including cats, cattle, dogs, goats, poultry, rabbit, sheep, and swine exhibited must be accompanied by a CVI and shall have official identification listed on the CVI. Exhibitors must have a separate CVI for each species of animal exhibited. Animals must be properly restrained to read official identification to avoid safety concerns for exhibitors, Brown County Fair staff and assigned staff of the State Veterinarian. All animals entered at the exhibition shall be free from evidence of all contagious diseases such as ringworm, parasites, pinkeye, lump jaw, abscesses, club lamb fungus, and warts. If warts have been removed surgically the scars must be healed by the time of the exhibition.

Each animal needs to have individual identification; however, it is acceptable to have several animals of the same species listed on one CVI. Animals that do not comply with identification methods and are not listed on the CVI will be denied entrance to the Brown County Fair.

Import Shipping Permit Numbers.

When animals meet South Dakota's requirements for importations, veterinarians write an import shipping permit number on the CVI. All CVI's must have this number on the document.

ANIMALS MUST BE INSPECTED AND CVI'S MUST BE ISSUED, BOTH WITHIN 30 DAYS OF EXHIBITION.

Each CVI must:

- Be issued and signed by an accredited licensed veterinarian.
- Show name and address of owner or exhibitor (consignor).
- Show Brown County Fair as consignee and destination.
- List each animal individually on the CVI.
- List official identification (leg bands, steel tags, Scrapie ID, tattoos, or RFID tags) and accessory ID devices (4-H tags, FFA tags, etc.) which are correlated to official identification on the CVI.
- Show all required tests and results for that species.

- List import shipping permit number.
- List free of infectious or contagious diseases
- List from non-quarantined herds or flocks

Registration will collect Certificates of Veterinary Inspection at the barns once animal has been inspected by Brown County Fair Veterinarians. Certificates of Veterinary Inspection for each animal are required and must be in the vehicle in order to gain entrance onto the Brown County Fairgrounds. If the Certificate of Veterinary Inspection is not in the vehicle, animal(s) will not be unloaded. Inspectors will keep Certificates of Veterinary Inspection. Any questions regarding the health of an animal will be based on the animal's condition as it is presented on entry day. This determination is at the discretion of the County Veterinarian or official representative and animal may be removed from the fairgrounds immediately.

ANIMAL IDENTIFICATION

All animals must be individually identified using an approved method for permanent ID listed for each species.

STATEMENT OF ANIMAL WELLNESS AND CARE

Brown County is a learning environment for exhibitors and their families to seek out and appreciate the great wellness and care given to the animals of our world. The standards of animal wellness and care set by Brown County exhibitors are first and foremost present to ensure the utmost in care, stress-free exhibition and preventative wellness care. The exhibitors of these animals are bound to meet these obligations of wellness and care for both competitive and non-competitive exhibition. In doing so, the Brown County exhibitors will ensure that their animals will be provided with proper nutrition including clean, fresh water at all times, ensure their animals' bedding is appropriate and clean, and practice the highest standards of competition ethics while exhibiting at the Brown County Fair. Inhumane treatment of livestock/animals will not be tolerated, and violations should be immediately brought to the Brown County Fair staff. Any animal requiring medical attention will be presented to local veterinarians on call for the Brown County Fair. The veterinarian shall provide all medical attention necessary to ensure the proper treatment and care of the animals in residence at the Brown County Fair. Any veterinary care necessary and fees associated with the veterinarian for the wellness issue will be the responsibility of the exhibitor. Regardless of whether veterinary care is necessary, the South Dakota Animal Industry Board will make a determination as to whether the animal(s) need to be released from the fair. The above was drafted using the South Dakota State Fair Statement of Animal Wellness and Care Policy.

ANIMAL MANAGEMENT

The showing of unethically fitted livestock is prohibited. Unethical fitting shall be deemed to mean any physical or physiological attempt to alter the natural conformation, musculature, or weight of an animal by use of injections or ingested material not conducive to the continued health of the animal or marketability of animal carcasses. This includes, but is not limited to, the removal of animal tissue or body part, to cut or tear the hide, to cover, dye, or color the hair or hide, to add artificial tail heads, switches, polls, hair, or heels, or to administer, feed, give, or inject any substance or drug to an animal exhibited, except when medically necessary or when the drug used has been approved for such use by the Food and Drug Administration or United States Department of Agriculture. Brown County exhibitors are expected to care for and groom their animals while at the Brown County Fair. Only the Brown County exhibitor, a member of the exhibitor's immediate family may perform fitting, blocking, or clipping on any animal exhibited during Brown County events at the Brown County Fair. The Brown County exhibitor is expected to

be present while such fitting is performed. The following are prohibited and unacceptable showing and/or handling practices:

- No changing the major color pattern of an animal by painting or dyeing will be allowed. No paint is allowed on market lambs or meat goats.
- Any equipment on an exhibitor or an animal judged by the Livestock Committee Chair to be detracting from the appearance of the show shall be removed upon request.
- The act of artificially filling of animals internally, which includes stomach pumping, drench tubes or any other method by mouth or esophagus, is prohibited.
- Muzzles or similar devices will not be permitted on any livestock at the Brown County Fair. Violation/infractions of any grooming rules will be processed through the Brown County Animal Wellness Committee. They reserve the right to automatically disqualify the exhibit and/or exhibitor from the show and the forfeit of any awards received during the show. Animals showing, in the opinion of the judge, signs of having been unethically fitted will also be disqualified. As a condition for participation in the Brown County Fair, all animals will be subject to random testing for foreign substances by the State Veterinarian, and the conclusion reached by the veterinarian as to whether such animal is unethically presented shall be final, without recourse against the Brown County Fair or any of its officers.

BROWN COUNTY FAIR

IAFE (INTERNATIONAL ASSOCIATION OF FAIRS AND EXPOSITIONS) CODE OF SHOW RING ETHICS

Exhibitors of animals at livestock shows shall at all times report themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels. All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada. The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership, and age of animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of consent by the

owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory, to which it is sent, is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise. At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medication for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited. 6. The use of showing and/or handling practices of devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.

7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.

8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.

9. The application of this code of ethics provides for absolute responsibility for animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.

10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings of disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expos and any special notices to members.

11. The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer or absolutely responsible person that he or she has read the IAFE Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities over such infractions.

12. The use of hair-like substances and pumping of animals is prohibited by the Brown County Fair.

13. **No alcohol will be permitted in any 4-H or open class livestock barns at the Brown County Fair.**

ETHICS STATEMENT

All animals exhibited must be free and clear of all drugs or other injections, and must not have been tampered with or otherwise altered. Random drug tests may be administered and animals examined by Ethics Committee. Any animal found to be altered or tampered with will not be eligible to be shown or receive premiums. The Fair Board follows and abides by the rules and regulations set by the International Association of Fairs and Expositions National Code of Show Ring Ethics.

DAIRY CATTLE

HEALTH REGULATIONS:

Eligibility Requirements

Required individual animal identification:

- Ear Tattoo and Registration Paper for registered cattle
- Grade and Crossbred cattle must have ear tattoo or electronic ID tag, or Bangs Tag, or 4-H Green Tag
- Certificate of Veterinary Inspection Issued within 30 days of exhibition (also see Health Regulations section)

Tuberculosis: All sexually intact dairy cattle two months of age or older coming from out-of-state must be negative to an official test for tuberculosis within 60 days prior to entering South Dakota. No tuberculosis test is required on South Dakota dairy cattle for exhibition at the Brown County Fair.

Brucellosis: No testing required for breeding cattle from Brucellosis-free states. No test required for steers or market-class heifers from Brucellosis Class A states, but heifers must be identified with USDA approved official identification. Testage- eligible cattle (Intact males – 12 months, Females – 12 months) must have a negative Brucellosis test that was conducted by an official laboratory within 30 days prior to Brown County Fair entry.

Check In:

- All entries must check in during Dairy Cattle check in times.
- Registration papers must be made available at the time of check in for registered animals.
- If the milking status of your female changed between entry and check-in, let personnel know at check-in, and it will be moved into the appropriate class.
- Animals with sharp or protruding horns cannot be shown for safety reasons.
- If an animal is less than 87% (7/8) of any one breed, it must be shown in the Crossbred division.
- Registered Holsteins are classified as animals that have 87% or more Registered Holstein Ancestry (RHA-NA) as recorded with the Holstein Association.

Crossbred Division: Any animal that is the result of crossing two or more breeds will be shown in the crossbred division. Any breed not recognized by the seven national dairy breed registry associations (Ayrshire, Brown Swiss, Guernsey, Holstein, Jersey, Milking Shorthorn, or Red & White) will be shown in the crossbred division. Animals will be evaluated based on conformation.

Grade Cattle: At the time of show, show committee members will evaluate breed characteristics of grade animals. Any grade animal not showing the predominant characteristics of one breed will show in the crossbred division. Non-registered breeding animals are shown in the Grade or Crossbreed division.

Additional Show Guidelines:

1. (Any breed listed)–all animals one year and over must be registered and under one year must be eligible for registration (for Registered classes)–all animals shown in Grade classes must be purebred of the breed they entered.
2. Non-Registered (Grade) females may be entered where the lot number and suffix (G) are noted.
3. Registered females will show against registered females only and grade females will show against grade females only in each lot.
4. Entry fees will be 100% payback plus additional prize money from the sponsors up to 5 places (listed in the Livestock Book).

SWINE

HEALTH REGULATIONS:

Eligibility Requirements

Required individual animal identification:

- NUES Ear Tag
- Certificate of Veterinary Inspection Issued within 30 days of exhibition (also see Health Regulations section)

Brucellosis: No test required for swine from Brucellosis-free states or from a nonquarantined herd and have a negative Brucellosis test within 30 days of entry.

• **FYI:** The South Dakota Animal Industry Board reserves the right to secure blood samples from any or all swine exhibited at the Brown County Fair for the purpose of applying the agglutination test for Brucellosis at any time the livestock are on the fairgrounds.

Pseudorabies (PRV): There is no PRV testing or other regulations on swine from PRV Stage IV and Stage V states. Any market swine unable to walk to and through the show area under its own power will not be allowed to enter or show. These pigs will be the sole responsibility of the exhibitor, including marketing.

Check In:

- All entries must weigh in at Swine check in times. Market animals are only allowed one weigh-in.
- Registration papers must be made available at the time of check in for registered animals.
- Exhibitors will be responsible for marketing their hogs as there is not a buying station in Aberdeen.

Additional Show Guidelines:

1. SD Junior Point Show ages 8 - 21.
2. Show is a sanctioned SD Junior Points Show Event and will follow the rules and regulations established by SD Junior Points Show Association.
3. Breeds must be represented by a minimum of 3 head to be shown as a separate breed. Breeds with less than 3 head will be shown as Other Purebred.
4. All entries must meet the sanitary regulations of the Brown County Fair.
- 5. Purebreds need registration papers.**
6. Any disputes not covered by these regulations will be handled by the show superintendent.

7. Entry fees will be 100% payback plus additional prize money from the sponsors up to 5 places (listed in the Livestock Book).

8. All families/exhibitors must stall TWO (2) animals per pen (if showing more than one).

• **If you have pen dividers, please bring them with you.***Note:* A summer, junior, winter or senior yearling that has freshened must be shown in Junior two-year-old cow class.

OPEN & JUNIOR BEEF

HEALTH REGULATIONS

MARKET BEEF

Eligibility Requirements

Required individual animal identification:

- NUES Ear Tag
- Certificate of Veterinary Inspection Issued within 30 days of exhibition (also see Health Regulations section)

Tuberculosis: No testing required on cattle from accredited tuberculosis-free states or zones.

Exhibitors of cattle originating from tuberculosis modified accredited advanced state or zone or from tuberculosis modified accredited state or zone must have the veterinarian contact the South Dakota Animal Industry Board for current test requirements.

Brucellosis: No testing required for breeding cattle from Brucellosis-free states. No test required for steers or market-class heifers from Brucellosis Class A states, but heifers must be identified with USDA approved official identification. Testage- eligible cattle (Intact males – 12 months, Females – 12 months) must have a negative Brucellosis test that was conducted by an official laboratory within 30 days prior to Brown County Fair entry.

Check In:

- All entries must weigh in at check in times. Market steers and heifers are only allowed one weigh-in.
- Registration papers must be made available at the time of check in for registered animals.
- Market Beef must be born after January 1, 2022 to be eligible for entry.

BREEDING BEEF

Eligibility Requirements

Required individual animal identification:

- Individual ID (Ear Tattoo or NUES tag) and Registration Paper for registered cattle.
- Commercial heifers must have ear tattoo or ear tag
- Certificate of Veterinary Inspection issued within 30 days of exhibition (also see Health Regulations section)

Tuberculosis: No testing required on cattle from accredited tuberculosis-free states or zones.

Exhibitors of cattle originating from tuberculosis modified accredited advanced state or zone or from tuberculosis modified accredited state or zone must have the veterinarian contact the South Dakota Animal Industry Board for current test requirements.

Brucellosis: No testing required for breeding cattle from Brucellosis-free states. No test required for steers or market-class heifers from Brucellosis Class A states, but heifers must be identified with USDA approved official identification. Testage- eligible cattle (Intact males – 12 months, Females – 12 months) must have a negative Brucellosis test that was conducted by an official laboratory within 30

days prior to Brown County Fair entry.

Check In:

- All entries must check in during Breeding Beef check in times.

- Registration papers must be made available at the time of check in for registered animals.

Additional Show Guidelines:

1. Open Class entry is open to anyone. Junior Point participants must be between the ages of 8 and 21 (as of January 1st, 2022).
2. All animals must be registered to show in a breed.
- 3. Junior Point:** Classes will be broken down by age and breed for heifers; weight and breed for steers according to SD Junior Point Show sanctioned rules.
4. Entry fees will be 100% payback plus additional prize money from sponsors up to 5 places (listed in Livestock Book).

COW/CALF

HEALTH REGULATIONS:

Additional Show Guidelines:

1. Open to any commercial or purebred beef producer, classes to be determined according to entries.
2. All animals must be exhibited in pasture condition—no fittings or clipping will be allowed.
3. Cattle shown in 4-H or open class breeding beef show at the Brown County Fair will not be eligible for this open class cow/calf show.
4. Entries will be limited to no more than three pairs per exhibitor.
5. An entry will consist of one cow and her natural calf.
6. Age of cow and birth date of calf must be known.
7. All pairs must be unloaded and processed by 11:00 a.m. on Friday, August 19th – show will begin at 12:00 p.m.
8. Animals will be judged on type, structure, muscling, natural fleshing, soundness of udder, eyes, feet and legs. The calf at side will be evaluated on the same criteria.
9. Classes to be divided according to age of dam.
10. Cattle will be exhibited as a cow/calf pair with no haltering
11. Enter through gate F—check-in at horse arena. Entries will be dismissed upon completion of show.
12. Entry fees will be 100% payback plus additional prize money from the sponsors up to 5 places (listed in the Livestock Book).

OPEN CLASS BREEDING SHEEP

HEALTH REGULATIONS:

Eligibility Requirements

Check In:

- Registration papers
- Required individual animal identification: USDA Official Scrapie ID
- Certificate of Veterinary Inspection Issued within 30 days of exhibition (also see Health Regulations section)
- All entries must check in during Breeding Sheep check in times.

Brucella ovis: Rams, six months of age and older, must have blood tested negative by the ELISA Test for brucella ovis within 30 days of entry for out-of-state rams and 60 days of entry for South Dakota origin rams, or come from a certified brucella ovis free flock within a current test date.

Tuberculosis: Breeding sheep originating in herds from tuberculosis accredited tuberculosis-free states or zones may be shipped to the South Dakota State Fair without a tuberculin test. Exhibitors of breeding sheep originating from tuberculosis modified-accredited advanced state or

zone or from tuberculosis modified accredited state or zone must have the veterinarian contact the South Dakota Animal Industry Board for current test requirements.

All males must possess two testicles and be fully intact.

Additional Show Guidelines:

1. Entry is open to anyone.
2. All entries must have registration papers.
3. Exhibitors must own entries 30 days prior to opening of the fair.
4. No substitution of sheep after Thursday, August 18th, 2022.
5. New breeds of sheep must show for one year without competing for Overall Supreme and Reserve Champion Ram and Overall Supreme and Reserve Champion Ewe.
6. Entry fees will be 100% payback plus additional prize money from the sponsors up to 5 places (listed in the Livestock Book).

OPEN CLASS MARKET LAMB SHOW

HEALTH REGULATIONS:

Eligibility Requirements

Required individual animal identification:

- USDA Official Scrapie ID
- Certificate of Veterinary Inspection Issued within 30 days of exhibition (also see Health Regulations section)

All Market Lambs should be fresh shorn before arriving at the Brown County Fair to help the State Veterinarian detect Club Lamb Fungus. In addition, lamb exhibitors must be prepared to remove canvas covers or lamb tubes at the Brown County Fair entry gate to assist State Veterinarians checking for Club Lamb Fungus. Any animal carrying the disease will not be allowed to stall on the fairgrounds. If after stalling, an animal is found with Club Lamb Fungus, it and all other animals from that trailer will be removed from the fairgrounds immediately.

Check In:

- All entries must weigh in at Market Sheep check in times.
- Market sheep are only allowed one weigh-in. While in the show ring, exhibitors will not slap their lambs or suspend the front legs off the ground.

Additional Show Guidelines:

1. SD Junior Point Show ages 8 - 21.
2. Show is a sanctioned SD Junior Points Show Event and will follow the rules and regulations established by SD Junior Points Show Association.
3. May be purebred, crossbred or grade lambs-wether and ewes will be judged as market lambs.
4. Must be born after Jan. 1, current year and must be owned by the exhibitor. Be prepared to show proof of ownership on demand.
5. Subject to two mouth examinations to confirm age.
6. Proper health papers required.
7. No weight limits. Size of classes to be determined by weight breaks at entry.
8. No muzzling of lambs allowed on the fairgrounds.
9. Entry fees will be 100% payback plus additional prize money from the sponsors up to 5 places (listed in the Livestock Book).
10. Breeds must be represented by a minimum of 3 head to be shown a separate breed. Breeds with less than 3 head will be shown as Other Purebred.

11. Showmanship to follow market show.

OPEN CLASS MEAT GOAT SHOW

HEALTH REGULATIONS:

BREEDING MEAT GOATS:

Eligibility Requirements

Required individual animal identification:

- USDA Official Scrapie ID
- Tattoo and Registration Paper for registered goats
- Unrecorded Grade goats must have tattoo or herd tag
- Certificate of Veterinary Inspection Issued within 30 days of exhibition (also see Health Regulations section)

Tuberculosis: Breeding goats (dairy and meat) originating in herds from accredited tuberculosis-free states or zones may be shipped to the Brown County Fair without a tuberculin test. Exhibitors of breeding goats (dairy and meat) originating from tuberculosis modified-accredited advanced state or zone or from tuberculosis modified accredited state or zone must have the veterinarian contact the South Dakota Animal Industry Board for current test requirements.

Check In:

- All entries must check in during Meat Goat check in times.
- Registration papers must be made available at the time of check in for registered animals.
- All breeding meat goats must have horns blunted. Breeding meat goats can be trimmed to enhance their individual qualities (sheared or blocked).

Exhibitors are allowed to use leather, smooth chain or nylon halters or collars in the show ring. Collars must be loose around the animal's neck at all times. While in the show ring, exhibitors will not slap their goat or suspend the front legs off the ground.

MARKET MEAT GOAT:

Eligibility Requirements

Required individual animal identification:

- USDA Official Scrapie ID
- Certificate of Veterinary Inspection Issued within 30 days of exhibition (also see Health Regulations section)

Tuberculosis: Breeding goats (dairy and meat) originating in herds from accredited tuberculosis-free states or zones may be shipped to the Brown County Fair without a tuberculin test. Exhibitors of breeding goats (dairy and meat) originating from tuberculosis modified-accredited advanced state or zone or from tuberculosis modified accredited state or zone must have the veterinarian contact the South Dakota Animal Industry Board for current test requirements.

Check In:

- All entries must weigh in at Meat Goat check in times.
- Market meat goats are only allowed one weigh-in.

All market meat goats must have horns blunted. Exhibitors are allowed to use leather, smooth chain or nylon halters or collars in the show ring. Collars must be loose around the animal's neck at all times. Spiked collars are not allowed. While in the show ring, exhibitors will not slap their goat or suspend the front legs off the ground.

Additional Show Guidelines:

1. SD Junior Point Show Rules
2. Does and Wethers will show separately. Classes will be broken by weight.
3. One overall Grand and Reserve Champion.
4. Showmanship per SD Junior Point Show Rules
5. Entry fees will be 100% payback plus additional prize money from the sponsors up to 5 places (listed in the Livestock Book).

6. Showmanship to follow market show.

7. All families/exhibitors must stall at least TWO (2) animals per pen (if showing more than one).

OPEN CLASS DAIRY GOAT SHOW

HEALTH REGULATIONS:

Eligibility Requirements

Required individual animal identification:

- USDA Official Scrapie ID
- Tattoo and Registration Paper for registered goats. If registration papers are not presented at check-in, the animal must show in "Unrecorded Grade". Unrecorded Grade goats must have tattoo or herd tag
- Certificate of Veterinary Inspection Issued within 30 days of exhibition (also see Health Regulations section)

Tuberculosis: Breeding goats (dairy and meat) originating in herds from accredited tuberculosis-free states or zones may be shipped to the Brown County Fair without a tuberculin test. Exhibitors of breeding goats (dairy and meat) originating from tuberculosis modified-accredited advanced state or zone or from tuberculosis modified accredited state or zone must have the veterinarian contact the South Dakota Animal Industry Board for current test requirements.

Check In:

- All entries must check in during Dairy Goat check in time.
- Registration papers must be made available at the time of check in for registered animals.
- If the milking status of your female changed between entry and check-in, let personnel know at check-in, and it will be moved into the appropriate class.

RABBIT DIVISION

HEALTH REGULATIONS:

Eligibility Requirements

Required individual animal identification:

- All rabbits must have an ear tattoo in the left ear prior to showing at the Brown County Fair.
- All tattoo numbers and animal descriptions on the verification forms must match those of the animal being exhibited.
- Certificate of Veterinary Inspection Issued within 30 days of exhibition (also see Health Regulations section)
- Health determinations are at the discretion of the State Veterinarian, the Rabbit Superintendent, or a representative of the Animal Wellness Committee.

Check In: All entries must check in during Rabbit check in times. Rabbits must be at least 10 weeks old at the Brown County Fair; except for Roasters and Stewers. Rabbits must come in proper carrying cages with trays and proper wire on the bottom of carriers. Storage space is not available for crates or boxes used to transport rabbits.

Exhibitors are responsible for providing feed and water for their rabbits during the Brown County Fair.

- Only healthy entries will be accepted. Any rabbit found to be diseased at entry or during Fair will be returned to owner or disposed of at the discretion of the Fair Board or it's Representative. Rabbits must have permanent tattoo in the left ear prior to Entry.

Additional Show Requirement:

1. Open to all rabbit producers.
2. It is the responsibility of the exhibitor to personally present his or her exhibit to the judging table at the time scheduled for judging or make other arrangements.
3. Exhibits in all lots will be judged on breed characteristics. In addition, condition, health and grooming will be considered in all classes.
4. Cages will be provided by the Brown County Fair.
5. Care, feed and water are the responsibility of the exhibitor.
6. Trophy awards will be issued only if there are 3 or more entries per lot.

Purebreds

State Breed and Variety of each entry on the entry tag. Purebred rabbits will be judged on the following basis: All breeds recognized by the American Rabbit Breeders Association (ARBA) will be judged according to ARBA standards as listed in their “Standard of Perfection”.

Meat Pen – Crossbred or Purebred

Trio of rabbit fryers will be judged on the following basis for a total 100%:

Meat Type _____	40%
Uniformity _____	25%
Condition _____	20%
Fur _____	15%

A trio of fryers is considered three young rabbits the same age, size and color, kindled after June 20th of current year and weighing less than five pounds.

POULTRY DIVISION

HEALTH REGULATIONS:

Eligibility Requirements

Check In:

- Certificate of Veterinary Inspection Issued within 30 days of exhibition (also see Health Regulations section)

Additionally, SDCL 12:68:13:39 states:

Testing of exhibition fowl. Exhibition fowl must originate from a pullorum typhoid clean source or the equivalent or be officially tested and found free of pullorum typhoid within the 90 days prior to exhibition.

Source: SL 1975, ch 16, § 1; 12 SDR 128, 12 SDR 154, effective July 1, 1986; 18 SDR 55, effective September 23, 1991.

General Authority: SDCL 40-3-14.

Law Implemented: SDCL 40-3-9, 40-3-10.

Veterinarians issuing Certificates of Veterinary Inspection (CVIs or “health papers”) should verify that poultry originated from a Pullorum-free source or have been tested negative for Pullorum disease within 90 days of the exhibition.

From Dr. Todd Tedrow of the Animal Industry Board:

“Official documentation will show that poultry have originated from a Pullorum free source. Official documentation would include a CVI, a VS Form 9-3 (with the National Poultry Improvement Plan emblem on it) or a South Dakota Intrastate Report of Sales of Hatching Eggs, Chicks, and Poults. “An exhibitor that hatches their own poultry would need to either test the poultry to be exhibited negative for Pullorum disease or be licensed as a poultry hatchery in SD. In order to be a licensed hatchery producers need to establish a Pullorum clean flock. The AIB licenses hatcheries so please refer those that are interesting in pursuing a hatchery license to our office.”

- Required individual animal identification: Plastic Leg Band (available from the county office)

- All entries must check in during Poultry check in times. Only visibly healthy poultry animals will be accepted for exhibit. They shall be free of evidence of all contagious diseases and mites. A representative of the South Dakota Animal Industry Board will examine poultry exhibits at time of entry to the Brown County Fairgrounds. Poultry must come in proper carrying cages. Storage space is not available for crates or boxes used to transport poultry.

Additional Show Guidelines:

1. Entries open to anyone. All participating birds will require a current health certificate.
2. Care, feed and water are responsibility of exhibitor.
3. No sick birds can be entered. Any entries found to be diseased either at time of entry or later will immediately be returned to the owner or disposed of at the discretion of the Brown County Fair Board or its representative.
4. Judging standards published by American Standard of Perfection and ABA Standards for Bantams will be used.
5. It is the responsibility of the exhibitor to identify breeds prior to entry.
6. It is the responsibility of the exhibitor to personally present his or her exhibit to the judging table at the time schedule for judging or make other arrangements.
7. **All families/exhibitors must stall TWO (2) animals per pen (if showing more than one).**
