WHAT IS A JIGSAW PUZZLE CONTEST?

A jigsaw puzzle competition consists of teams that compete against one another to complete a puzzle in under 2 hours. Whoever completes the puzzle first wins!

- Each team receives the same puzzle
- No one gets to see the puzzle until the timer begins- the puzzle boxes are placed face down before the competition starts
- Teams try to put the puzzle together the fastest
- The competition will be 2 hours long; if there is no declared winner by the end of the time limit, the winner is chosen by their remaining number of loose pieces
- In the event of a tie, teams can be given additional five minutes to work on the puzzle
- There are no devices or outside assistance permitted while working on a puzzle
- Two moderators help with the event along with 4-6 timers that will be walking around the contest floor watching the teams for timing reasons.
- Teams are not allowed to distract or approach team tables when the competition is in progress
